# ZenHub for GitHub project management

- ZenHub is a GitHub plugin for agile project management
- It needs either Chrome or Firefox as the browser.
- Go to <https://www.zenhub.io/>
- Click “Add ZenHub to GitHub”, it will install a plugin on your browser
- Click plugin icon
- It will ask you to login to GitHub (You have to create your GitHub account before)
- After login, you have to grant the permission for ZenHub to access your GitHub project
- Done
